## Spelling

Words this week:

**very    bird    nurse    burst    skip**  
**able    little    table    down    turn**

\*Our spelling words over the next couple of weeks will be words that your child needs to learn how to spell for the MAP test that we will take in January. Beginning this week I will be sending home a spelling packet that includes activities that they should complete by Friday. Please choose one activity every night. The packet should be completed by Friday. Be sure to study extra hard on Thursday night because your child will take a test on these words on Friday. If you have any questions about spelling please email me.

### Math

We are beginning a long unit on subtraction. We will begin using manipulatives and move on to the number line and eventually we will be subtracting by counting up. Flash cards make great holiday gifts! After the New Year we will begin mixed timed tests (addition and subtraction).
