### NOTES FROM MRS. W:

- MAP testing was a HUGE success! Thank you so much for helping by making sure your child came to school prepared to do their best each day and most importantly thank you for all of the hard work from home you have done this year working with your child! As I have said before their learning is team effort and without supportive parents we could not do all that we do!
- Our Zoo field trip was a great day! Thank you for ALL the parent chaperones! The kids had an awesome day!
- Our Mother's Day Tea is this Thursday, May 9<sup>th</sup> at 12:00. Please be here on time because we will begin promptly at noon! Your child should wear their "Sunday Best" to school that day (send a change of clothes if you would like). We are so looking forward to celebrating our beautiful 1D mothers! You may sign your child out afterwards from the classroom if you would like.
- Please keep the "When, What, Where, and What to Bring" information that was sent home previously in a safe place. This is your guide to the end of the year! We have so many fun things coming up!
- This week we will take our last spelling test of the year! Please don't forget to study to make sure your child is ready for this on Thursday!
